### **Experiential learning**

Experiential learning is one of the most beneficial types of learning because it helps a person to get the real time experience.

**Industrial Visits, Field Trips** are arranged by each department to enrich the knowledge of the students through real time experience. Students are trained through group discussions, role play, case study and debates.

**Exhibitions, Paper presentations and Publications**, writing for the college magazine, maintaining college and department notice boards help the students to tap their skills and learn to have inclusive development.

#### **Part -V Extension activities**

It is mandatory for each student to select any one club out of sixteen and become member of it. Through the club activities, students experience and learn various aspects of life like team work, leadership qualities, organising a function, decision making, adopting to situations etc., During the fourth semester students are offered Grades according to their performance in the club.

#### **JAMCROP (Jamal Mohamed College Community Reach Our Programme)**

It is a Community Reach out Programme of the college which is offered in the first year of UG and PG Programmes. All the first year students should become part of it and earn Grades according to their service in the Second Semester.

### **Industrial/ Research Institute visit**

**Fourteen students (III B.Sc. Botany, Batch 2)** visited Bharathidasan University Science Instrumentation Centre and got the working knowledge of Flow Cytometer, Confocal microscope, Scanning Electron Microscope, High Performance Liquid Chromatography and Fourier Transform Infra-Red Spectrophotometer. In addition, they visited Department of Microbiology, National Repository for Microalgae and Cyanobacteria and gained the knowledge of different species of algal cultivation and biodiesel production on 01.02.2021.

#### **Evidence:**

**Students visited the National Repository for Microalgae and Cyanobacteria**
