## About the College

Jamal Mohamed College was founded in 1951, as an affiliated college to the University of Madras and then affiliated to Bharathidasan University, Tiruchirappalli, when it was formed in 1982. Jamal Mohamed College is situated in the central part of Tamil Nadu, Tiruchirappalli city. It was established as a religious minority institution with the primary objective of providing higher education to the downtrodden and socially backward section of the society in general and Muslim minority in particular. The college is administered by the Society of Jamal Mohamed College. It is established in a sprawling land area of 87 acres, as a religious minority institution. Hajee M. Jamal Mohamed Sahib and Janab N.M. Khajaman Rowther, of revered memory, were the founding fathers of this institution. In the year 1957 the college got the single honor of being bracketed with the thirty best colleges in India when Danforth Foundation of USA selected the college for the award of study fellowships in U.S.A. In 1963 the college was elevated to the status of a post-graduate college. In the year 1972, the college was recognized by UGC New Delhi, for the purposes of Grants under section 2(F) and 12(B) of the University Grants Commission Act 1956. In 1977, on the recommendation of the University of Madras, the UGC recognized the college as one of the ten "Lead colleges" in the university area. The College was accredited at Five Star Level by NAAC during 2002 and conferred with Autonomous Status by UGC, New Delhi and Bharathidasan University in 2004-2005. In January 2009, the College was accredited by NAAC with A-Grade (2nd Cycle) - CGPA 3.6 out of 4.0. Our College was bestowed with the unique honour of "CPE" status Phase-I and Phase-II by the University Grants Commission under the Scheme "Colleges with Potential for Excellence" in 2011 and 2016 respectively. The college retained the 'A' Grade awarded by NAAC during the third cycle of accreditation in 2015. The college has obtained the prestigious 59TH rank among Top ranking institutions in NIRF Rankings - 2019. It is remarkable to state that the college has been recognized with Three Star status by the Institution Innovation Council (IIC), MHRD innovation cell, Government of India in 2019. Department of Science and Technology (DST), Government of India has accorded FIST Scheme to the Departments of Zoology, Botany and Physics in 2004 and to the Department of Mathematics in 2008. Again DST FIST Scheme has been extended to the Departments of Mathematics, Physics, Botany, Zoology and Computer Science in 2019. Five Science Departments such as Mathematics, Physics, Chemistry, Botany and Zoology have been short-listed after a meritorious presentation, among many competing institutions and awarded the Star Status Scheme by the Department of Bio Technology (DBT) in 2020. Over a period of 69 years the college was able to scale greater heights and rise to the present status as a multi-faculty institution with 25 UG and 20 PG courses. 17 departments of the college are functioning with the status of approved research centers. The college has a strength of around 11,000 students. There are 145 Government Aided teaching faculty and 357 staff members are working under the self finance stream. The college celebrated its silver Jubilee in 1971, subsequently the Golden Jubilee and Diamond Jubilee in 2001 and 2011 respectively.

## About the Department

The Department of Nutrition and Dietetics was started during 2008, with an under graduate programme under self-financing stream to meet the educational needs of women students exclusively. Subsequently PG course was introduced during 2011 for women students and later strengthened as Research Department during the academic year 2018 by way of starting M.phil programme during the same year. Skill oriented B.Voc food processing and safety was started with the sponsorship of National Skills Qualification Framework (NSQF) UGC. The Department has well qualified faculty members who are actively involved in research in chosen field like Community Nutrition, Food Processing and Preservation and Clinical Nutrition. To ensure high quality in education the department has acquired best infrastructure facilities, state of the art laboratory equipments, well stocked library. Our staff members are actively involved in consultancy services giving helping hands to various food industries established in our state. The main motto of this department is to enable the students to explore the opportunities and challenges in the field of Nutrition and Dietetics, to become popular entrepreneurs, excellent researchers and great administrators. The graduates and post graduates of this college have the imprints of their footsteps at various capacities across the field as Dietician in the reputed multi-specialty hospitals and also as academicians.

## About the Conference

- Diet and Nutrition is a novel platform to share and discuss on the research potential and to make critical reviews in the area of Food and Nutritional Science, Nutrition in Health and Fitness, Diet, diseases and disorders such as diabetes, obesity and cancer etc which are more socially relevant themes now-a-days.
- The conference is designed to investigate the relationship of diet and nutrition with lifestyle, social factors and incidence of chronic disease including cancer and thereby promoting healthy trend in nutrition across the globe.
- The event will provide an opportunity to discuss and perceive latest technologies and research updates on current topics of importance like enhancing nutritional quality of foods, advanced treatments for nutritional deficiencies and disorders, novel technologies of food processing, industrial food safety management, Nutritional Epidemiology, Plant nutrients, Dairy Nutrition, Live stock Nutrition, Nutrition for women and children, Nutritional Therapy and treatments, Sports Nutrition, Clinical nutrition, Nutritional Supplements and Functional foods, importance of Nutrition in the treatment of Obesity chronic illnesses like cancer and advances in Nutrition Research.

## Thrust areas of the conference:

The conference has been organized to motivate the Researchers from Colleges, Universities, Research Institutions and Industries, to share and exchange their knowledge, ideas and expertise in the field of Nutrition and Dietetics and food processing and safety.

*Community Nutrition	*Food Science & Technology
*Nutritional Epidemiology	*Food Microbiology
*Holistic Nutrition	*Food Biotechnology
*Dietetics & Clinical Nutrition	*Food Chemistry
*Nutrition & Treatment for Cancer	*Food Toxicology
*Nutrition & Obesity	*Micro Encapsulation
*Animal & Dairy Products	*Food Nanotechnology
*Sports Nutrition	*Food Safety & Security
*Nutraceuticals & Nutrigenomics	

## Objective:

- To provide platform for all the faculties, researchers, entrepreneurs and students to exchange their novel ideas and share their expertise in the field of Nutrition and Dietetics.
- To enrich the sustainable food systems in nutrition and food security among the people.
- To create an eye opener for the young researchers to get innovative techniques in food and nutrition science. **For Paper presentation (only research article) Guidelines for Submission of Abstracts:**

#### About the College

Jamal Mohamed College was founded in 1951, as an affiliated college to the University of Madras and then affiliated to Bharathidasan University, Trichurappalli, when it was formed in 1982. Jamal Mohamed College is situated in the central part of Tamil Nadu, Trichirappalli city. It was established as a religious minority institution with the primary objective of providing higher education to the downtrodden and socially backward section of the society in general and Muslim minority in particular. The college is administered by the Society of Jamal Mohamed College. It is established in a sprawling land area of 87 acres, as a religious minority institution. Hajee M. Jamal Mohamed Sahib and Janab N.M. Khajaman Rowther, of revered memory, were the founding fathers of this institution. In the year 1957 the college got the single honor of being bracketed with the thirty best colleges in India when Dan forth Foundation of USA selected the college for the award of study fellowships in U.S.A. In 1963 the college was elevated to the status of a post-graduate college. In the year 1972, the college was recognized by UGC New Delhi, for the purposes of Grants under section 2(F) and 12(B) of the University Grants Commission Act 1956. In 1977, on the recommendation of the University of Madras, the UGC recognized the college as one of the ten "Lead Colleges" in the university area. The College was accredited at Five Star Level by NAAC during 2002 and conferred with Autonomous Status by UGC, New Delhi and Bharathidasan University in 2004-2005. In January 2009, the College was accredited by NAAC with A-Grade (2nd Cycle) - CGPA 3.6 out of 4.0. Our College was bestowed with the unique honour of "CPE" status Phase-I and Phase-II by the University Grants Commission under the Scheme "Colleges with Potential for Excellence" in 2011 and 2016 respectively. The college retained the 'A' Grade awarded by NAAC during the third cycle of accreditation in 2015. The college has obtained the prestigious 59th rank among Top ranking institutions in NIRF Rankings - 2019. It is remarkable to state that the college has been recognized with Three Star status by the Institutions Innovation Council (IIC), MHRD innovation cell, Government of India in 2019. Department of Science and Technology (DST), Government of India has accorded FIST Scheme to the Departments of Zoology, Botany and Physics in 2004 and to the Department of Mathematics in 2008. Again DST FIST Scheme has been extended to the Departments of Mathematics, Physics, Botany, Zoology and Computer Science in 2019. Five Science Departments such as Mathematics, Physics, Chemistry, Botany and Zoology have been short-listed after a meritorious presentation, among many competing institutions and awarded the Star Status Scheme by the Department of Bio Technology (DBT) in 2020. Over a period of 69 years the college was able to scale greater heights and raise to the present status as a multi- faculty institution with 25 UG and 20 PG courses. 17 departments of the college are functioning with the status of approved research centers. The college has a strength of around 11,000 students. There are 145 Government Aided teaching faculty and 357 staff members are working under the self finance stream. The college celebrated its silver Jubilee in 1971, subsequently the Golden Jubilee and Diamond Jubilee in 2001 and 2011 respectively.

#### About the Department

The Department of Nutrition and Dietetics was started during 2008, with an under graduate programme under self-financing stream to meet the educational needs of women students exclusively. Subsequently PG course was introduced during 2011 for women students and later strengthened as Research Department during the academic year 2018 by way of starting M.Phil programme during the same year. Skill oriented B.Voc Food Processing and Safety was started with the sponsorship of National Skills Qualification Framework (NSQF) UGC. The Department has well qualified faculty members who are actively involved in research in chosen field like Community Nutrition, Food Processing and Preservation and Clinical Nutrition. To ensure high quality in education the department has acquired best infrastructure facilities, state of the art laboratory equipments, well stocked library. Our staff members are actively involved in consultancy services giving helping hands to various food industries established in our state. The main motto of this department is to enable the students to explore the opportunities and challenges in the field of Nutrition and Dietetics, to become popular entrepreneurs, excellent researchers and great administrators. The graduates and post graduates of this college have the imprints of their footsteps at various capacities across the field as Dietician in the reputed multi-specialty hospitals and also as academicians.

#### About the Seminar

- Health has become a priority for many people. While food alone cannot make an individual stay healthy, eating a mostly minimally processed diet rich in a variety of nutrients helps support health. Diets rich in antioxidants, vitamins, minerals, fibre, healthy fats and other bio active compounds such as probiotics are linked to better health status. The benefits of developing healthy dietary and life style patterns from an early age onwards can positively impact on people's nutrition and health throughout their adult lives, and enhance the productivity of individuals.
- In the current scenario, nutrition and health needs to be evolved with recent trends to look out for sustainable and environmentally -friendly nutrition, vegan & plant -based nutrition, personalized nutrition, alternative proteins, mindful eating, meal replacement, ketogenic nutrition and sugar -free nutrition. Scientific research in the field of nutrition and health has made great strides in recent years.

There is a need to evolve nutritional - orientation of food and health, examine and reverse the mistakes of the past and use new knowledge and technologies to evolve new strategies for combating under - nutrition.

- Keeping this in mind, the seminar aims to provide a special platform for clinical nutritionists, registered dietitians and other health - care experts, researchers and students to discuss on the challenges and strategies related to Nutrition and Health.

#### Thrust areas of the Seminar:

The Seminar has been organized to motivate the Researchers from Colleges, Universities, Research Institutions and Industries, to share and exchange their knowledge, ideas and expertise in the field of Nutrition and health related to recent trends, challenges and strategies.
