About the Institution

Jamal Mohamed College was established in the year 1951 as an affiliated college to the University of Madras, and then it was affiliated to Bharathidasan University, Trichy when it was formed in 1984 with the motto of giving quality education to poor, downtrodden and socially backward classes of people. During the academic year 2004 -2005 the college has been conferred with Autonomous status. The college has been accredited with 5 star status by NAAC and then reaccredited with 'A' grade (CGPA 3.6 out of 4.0) in January 2009. Now the college has blossomed into a full -fledged academic and research institution with 19 UG Courses, 19 P.G. Courses, 13 Research Programmes and 8 Diploma & Certificate Courses with the students' strength of 9625.

About Us

A two year post graduate degree in Microbiology has been offered since 1998 under the self - financing scheme for men and additional section has been started in the academic year 2008 - 2009 for women. The strength of the department lies in the potential and dedication of the teaching faculty with full bloomed laboratory.

The Department has well furnished air conditioned laboratories with computer systems, advanced Nikon Photo Microscopy, Two Dimensional Gel Electrophoresis, ELISA Reader, Thermal Cycler and Gel Document system. The excellent infrastructure facilities available in the department and the quality of education offered have been well appreciated by researchers and academicians. Our department is also providing industrially important cultures for pursuing project works.

About the programme

Microbiology has attained a status as a distinct branch of Biological Science because of its application towards human welfare. The immense potential of microbes further improved through molecular biological techniques. The objectives of this programme are

- To understand the recent techniques in Molecular Biology
- To improve the research and technical skills.
