Minutes of the meeting:

The HOD and convenor Dr. SN welcomed all the members ~~members~~ and introduced the external experts to the internal (faculty) members. The HOD also thanked the external experts for having accepted to our invitation to go over to June and to take an active part in the Board of Studies meeting for syllabus revision and enrichment. The HOD also applauded the faculty members for the efforts put in by them to restructure the course content and also improve the syllabus. The external members clarified the number of hours allotted for every core subject and the credits given to them. They felt that equal credits need not be given core subjects and electives (and wanted the electives to have lesser credits than the core subjects). It is in the purview of IQAC ^{the HOD said} to take steps in this regard and come up with reasonable solution for this.

bmk-va by PowerPoint

The course pattern for ~~for~~ P. G. was displayed and semester wise subjects were readout. The core papers, electives and extra credit

Papers for each semester were displayed through power point for the experts to approve and suggestions welcomed, if there be.

It was resolved to include the corrections and alterations suggested by members and the final draft of the syllabus may be gone through by the experts before submission for ratification in the Academic council meeting.
