A Two Day Faculty Development Programme on Digital Class room

Report

Faculty Development Programme on "Digital Classroom was held under DBT Star College Scheme on 23.06.2020 at 3.30 PM (IST). Dr. Mujafar Kani was the host and served as a Moderator.

Programme was started with Qirath by Dr. M. Syed Ali Padusha, Associate Professor of Chemistry.

Dr.J.Sirajudeen ,welcomed the gathering and Introduced the resource person Mr. M. Mohamed Zamam Nazar . Resource person explained how to create a google class room and the usage of various components of this domain. Thirty six faculty members including nine faculty members from other Departments of our college attended this session. Participants interacted with the resource person to clarify their doubts.

Dr. M. Anwar Sathiq proposed a vote of thanks.

We thank our management, Principal, our HOD , Dr.Shajahan, DBT coordinator , DBT- Department Coordinator's and faculty members of Department of Chemistry for their support in conduct of this programme.

We thank Department of Biotechnology, Govt of India for the financial aid to this programme.

Mr. Kannan , Properitor, Kaaho infotech made all technical support for this programme.

The Second day of The Two- day Faculty Development programme on Digital Classroom began with qirath of Dr.F.M. Masood Ahamed, Assistant Professor of Chemistry.

How to prepare a video recording for a topic using OBS software was Demonstrated by the resource person.

Dr.N.Mujafar Kani, Assistant Professor of Chemistry served as a session incharge.

Report

A Two - Days Faculty Development Programme on “Intellectual Properties Rights through Technology Transfer and Intellectual Properties Rights Eligibility, Documentation and Grants Status Application was held under DBT Star College Scheme on 18.07.2020 and 19.07.2020 at 4.30 PM (IST).

Dr.A. Zahir Hussain, Assistant Professor of Chemistry, IPR Coordinator welcomed the gathering and Introduced the resource person. Dr. TMM Kannan Resource person enlightened the intellectual properties rights through technical transfer. Totally 160 faculty members attended this session throughout the nation. Participants interacted with the resource person and clarified their doubts. Dr. M. Syed Ali Padusha, Associate Professor of Chemistry, proposed a vote of thanks.

The Second day of programme on Intellectual Properties Rights through Technology Transfer and Intellectual Properties Rights Eligibility, Documentation and Grants Status Application. Dr. Narkees Begam , Assistant professor of Bio Technology welcomed the gathering and introduced the Resource Person. The resource person Dr. Bakrudeen Ali Ahamed emphasised the patent filing procedure and the about various funding agencies. One hundred and sixty faculty members participated in this session and took part in the discussion. We place on record our thanks and gratitude to our Management, Principal, Vice principal, Additional Vice Principal, Directors, Dr. A. Shajahan, DBT-Coordinator & Associate Professor of Botany and all the faculty members for their support and help for the conduct of the above programmes. We thank Department of Biotechnology, Govt of India for the financial assistance to this programme.

REPORT OF 6th INTERNATIONAL CONFERENCE ON CHEMICAL AND ENVIRONMENTAL RESEARCH (ICCER – 2020)

PG and Research Department of Chemistry, Jamal Mohamed College has organised a virtual 6th International Conference on Chemical and Environmental Research (ICCER – 2020) on 12th November 2020. Around 130 research articles in the form of abstracts from various frontier areas of Chemistry have been presented by the delegates who came from various parts of our nation and overseas nations too.

Dr. M.A. Quraishi, Chair Professor, King Fahd University, Kingdom of Saudi Arabia, was the Chief Guest for the inauguration of the conference and delivered a keynote address. He insisted the need for getting patent rights to our research and gave expository on the importance of Green Chemistry and its applications in Corrosion prevention and protection.

A total number of 400 delegates participated in this event and shared their ideas, findings and made interaction with resource persons. Dr. M. Mohamed Sihabudeen, Additional Vice-Principal and Head of the Department of Chemistry welcomed the gathering. Dr. A.K. Khaja Nazeemudeen, Secretary and Correspondent, Hajee. M.J. Jamal Mohamed, Treasurer and Dr. K. Abdus Samad, Assistant Secretary felicitated the function. Dr. S. Ismail Mohideen, Principal, presided over the function. Dr. K.N. Abdul Kader Nihal, Member and Hon. Director, Dr. K.N. Mohamed Fazil, Director of Hostel Administration and Ms. M. Hajira Fathima, Director, Women Hostel graced the occasion.

Dr. M. Purushothaman, Organising Secretary and Convener – ICCER 2020 emphasised the theme of the conference. Dr. V. Thiruselvam, Research Associate, Health Science Centre, University of Texas, USA, delivered a invited talk on Crystal Engineering and Its Application. Participants from all over country (Karnataka, Gujarat, Kerala, Pondicherry and Tamilnadu) were present for the ICCER 2020. In technical session, out of 130 abstracts received, 60 abstracts were admitted for oral presentation with six parallel sessions.

Dr. Srinivasan Anandan, Scientist – E, Centre for Nanomaterials, ARCI Hyderabad, Telangana, delivered invited talk on Development of Indigenous Energy Storage Materials for Electric Vehicles (EVs) Applications: Requirement and Challenges. Dr. Fateh Veer Singh, Assistant Professor of Chemistry, VIT University,

Report

Faculty Improvement Programme on "Metal based drugs from serendipity to design" was held through online zoom platform under DBT Star College Scheme on 30.12.2020 at 11.30 am.

The Programme was started with the invocation by Dr. R. Abdul Vahith, Assistant Professor of Chemistry. Dr.S.S.Syed Abuthahir, Assistant Professor of Chemistry welcomed the gathering and introduced the resource person. Dr. M. Mohamed Sihabudeen, Additional Vice Principal, Associate Professor and Head, Department of Chemistry, delivered the presential address.

Dr. R. Ramesh, Professor, Coordinator, Centre for Organometallics Chemistry, School of Chemistry, Bharathidasan University, Tiruchirappalli-24, was the resource person.

He enlightened the gathering with insights on the development of metal based drugs by highlighting the advantages of organometallics in medicinal chemistry in general and in cancer therapy in particular. Further he explained the mode of binding of drugs with DNA. Thirty six faculty members including faculty members from Botany and Zoology departments of our college attended the programme. Participants interacted with the resource person and clarified their doubts. Dr. K.Loganathan, Assistant Professor of Chemistry proposed a vote of thanks.

About The College

Jamal Mohamed College was founded in 1951, as an affiliated college to the University of Madras and then affiliated to Bharathidasan University, Tiruchirappalli, when it was formed in 1982. Jamal Mohamed College is situated in the central part of Tamil Nadu, Tiruchirappalli city. It was established as a religious minority institution with the primary objective of providing higher education to the downtrodden and socially backward section of the society in general and Muslim minority in particular.

The College is administered by the Society of Jamal Mohamed College. It is established in a sprawling land area of 87 acres, as a religious minority institution.

The College was accredited at Five Star Level by NAAC during 2002 and conferred with Autonomous Status by UGC, New Delhi and Bharathidasan University in 2004-2005. Our College was bestowed with the unique honour of "CPE" status Phase-I and Phase-II by the University Grants Commission under the Scheme "Colleges with Potential for Excellence" in 2011 and 2016 respectively. We retained the 'A' Grade awarded by NAAC during the third cycle of accreditation in 2015.

The college has obtained the prestigious 59th Rank among Top ranking institutions in NIRF Rankings - 2019. It is remarkable to state that the college has been recognized with Three Star Status by the Institutions Innovation Council (IIC), MHRD innovation cell, Government of India in 2019. Department of Science and Technology (DST), Government of India has accorded FIST Scheme to the Departments of Zoology, Botany and Physics in 2004 and to the Department of Mathematics in 2008. Again DST FIST Scheme has been extended to the Departments of Mathematics, Physics, Botany, Zoology and Computer Science in 2019. Five Science Departments such as Mathematics, Physics, Chemistry, Botany and Zoology have been short-listed after a meritorious presentation, among many competing institutions and awarded the Star Status Scheme by the Department of Bio-Technology (DBT) in 2020.

Over a period of 69 years, the college was able to scale greater heights and rise to the present status as a multi-faculty institution with 23 UG and 21 PG courses. 18 Departments of the college are functioning with the status of approved research centres. The college has strength of around 12,000 Students. With many milestone achievements, the College has been marching towards fulfilling marvelous plans, matching the vision and mission of our noble founders and the present Management Committee Members. This institution is dedicated to the cause of Higher Education and has produced many Administrators, Academicians, Scientists, Social Workers, Intellectuals, Computer Professionals and Eminent Personalities in different walks of life. "The Jamal" journey continues with all gentle Jamalians for still greater heights of glory in higher education.

Major Theme of the Conference

The Services Sector is a key driver of India's economic growth. India has emerged as the fastest growing major economy in the world and is expected to be one of the top three economic powers in the world over the next 10-15 years, backed by its robust democracy and strong partnerships. The growth of the Services Sector in India is a unique example of leap-frogging traditional models of economic growth. The services sector is not only the dominant sector in India's GDP, but has also attracted significant foreign investment, has contributed significantly to export and has provided large-scale employment. The service sector in India has the highest employment elasticity among all sectors. Services export comprises a major part of the total export from India. Moreover, services sector has been the largest recipient of FDI (Foreign Direct Investment) in India. It evidently shows that a unique challenge to future economic growth in India and requires out of the box solutions that will help rapidly harness the potential of the service industry in India.

Invest India takes a look at the contribution of the services sector in the Indian economy and also explores potential enablers for future equitable economic growth. India's services sector covers a wide variety of activities such as trade, Banking, Tourism, Educational, Health Care, Hotel and Restaurants, Transport, Storage and Communication, Financing, Insurance, Real Estate, Business Services, Community, Social and Personal Services, and Services associated with Construction and etc.,.

It is the right time to conduct a Seminar at International Level to confer and propagate the information and knowledge about the influence of the Service Sector on Indian Economy in the contemporary Era. The seminar would provide a platform for Researchers, Academicians, Industrialist, Policy Makers to present their research work and proposals related to the advancement of the Service Sector. This Online Seminar aims at eliciting relevant discussions, debates and participants' views on this theme. Hence, the College and the Department of Commerce has a hub of knowledge to organize the Online International Seminar. The Seminar mainly focuses on "Service Sector in India: Making New Avenues in Indian Economy".

ABOUT THE COLLEGE

Jamal Mohamed College, a government aided private college affiliated to Bharathidasan University, was founded in 1951 and situated in the heart of Tiruchirappalli city. The college provides an ideal atmosphere for higher education to all sections of the society. The college offers 23 UG and 21 PG courses and has research facilities in 18 departments. The college has student strength around 12000. Teaching faculty consists of 145 Regular Staff and 357 Management Staff.

The College celebrated its Silver Jubilee during 1979, Golden Jubilee during 2001 and Diamond Jubilee during 2011 in a grand manner. The college was awarded the coveted Five Star status by NAAC during the Golden Jubilee year. Autonomous status was conferred on the college during the Academic year 2004-2005. The college is identified by the UGC as "College with Potential for Excellence" during 2011 and 2016 respectively. We have retained 'A' Grade by NAAC during the third cycle of re-accreditation in 2015. The college has obtained the prestigious 59th rank among Top ranking institutions in NIRF Rankings - 2019. It is remarkable to state that the college has been recognized with Three Star status by the Institutions Innovation Council (IIC), MHRD innovation cell, Government of India in 2019 Department of Science and Technology (DST), Government of India has accorded FIST Scheme to the Departments of Zoology, Botany and Physics in 2004 and to the Department of Mathematics in 2008. Again DST FIST Scheme has been extended to the Departments of Mathematics, Physics, Botany, Zoology and Computer Science in 2019. Five Science Departments such as Mathematics, Physics, Chemistry, Botany and Zoology have been short-listed after a meritorious presentation, among many competing institutions and awarded the Star Status Scheme by the Department of Bio-Technology (DBT) in 2020.

ABOUT THE DEPARTMENT

With the Vision of imparting Education to the Women Students, the magnanimous Management of our College annexed an exclusive Women Section in Commerce (UG) under the Self-Financing Stream in the Academic Year 2000-2001, in addition to the Aided section. The Management introduced additional Self-Financing Men Section in Commerce (UG) during the year 2004-2005 and the PG Course for Self-Finance Men in Commerce was started during the year 2009-2010. At present, the Post Graduate Department of Commerce (SF) has 8 sections at UG level and 2 sections at PG level with a total strength of 840 Students in the SF-Men Stream and 855 Students in the SF-Women Stream. To be on par with the objective of

imparting quality education, the Department has equipped itself with adequate number of Qualified Staff in its Faculty Profile. Currently, the Department is backed by the support of 23 Male Staff Members under the SF-Men Stream and 22 Women Staff Members under the SF-Women Stream. The PG Department of Commerce (SF) is organizing A One-day International Conference on Advancement in Business in the Digital Era on 17th February 2021 to bring to light the digital advancements in business in the digital era.

THEME OF THE CONFERENCE

Since the dawn of the new millennium, Indian business are experiencing significant changes in the evolving technology environment, with respect to the uncertainty of competitors, products or services, business models and consumer expectations.

With growing competitors of varying scale, we see a rise in the offering of products/services with higher functionality at a lower price and improved customer experience. Their attractive business models constantly evolve to stay relevant in the market and enable customers to meet their demands - anywhere at any time. The digital evolution of the business is here, and no industry is immune from its impact. With this rapidly changing technological environment, businesses are pinpointing sources of these uncertainties, defining a path ahead and making required strategic and operational adjustments. This becomes an opportunity to be grabbed for creating something new and immensely valuable.

In the challenging new scenarios, business has found a need for a journey of continuous improvement for the organisation to achieve sustainable growth and long-term survival. Business excellence in the digital era is about adopting a holistic approach to strengthening the management systems and processes by leveraging the technological advancements for organisational growth and productivity improvements. We will call this approach as Digital Business Excellence.

The rise of the digital era has a profound impact on the economic, social and all other aspects of our life. For researchers, the digital era has opened a number of new fields, increased data availability, facilitated cooperation, led to a number of technological developments that improve the quality and increase the ease of the research and had a number of other positive impacts. But digital era also changed the dynamics of how systems evolve, interact and consequently opened a number of challenges. Within the fields of economics and business, the emergence of the new digital era is linked to the establishment of the new economy, technology-based growth and the continuous search for the optimal business model.

Such business models should be adaptable to the new quickly evolving and changing circumstances in the markets, as well as allow for stability and stimulate knowledge creation, transfer and innovation. At the same time, challenges related to fair labour in the digitized economy and ethical issues related to the use and application of big data, collaborative platforms and online participation should not be ignored. For Governments, the Digital Era increases the ability to support the economy with evaluation-based tools and measures underlying their decisions on policy-making, but this requires data availability and knowledge to process them. In this context, we solicit your scholarly views, presentation and contributions to help us make the national conference an informative arena for high - level academic debate.

Report on Programme

Dr.K. Mohan Kumar from Rajah Serfoji Government College (Autonomous) addressed on INTELLIGENT THINGS. The speaker suggests that IoT should stand for the "Intelligence of Things" rather than the "Internet of Things" to reflect the countless smart devices transforming our everyday lives. He taught intelligent technologies like machine learning, natural language recognition, and robotic process automation. This session was really helpful for students since it is for beginners, so it did help the student strengthen their base idea about this topic.

Report

A Short Term Training Programme (STTP) on "Data Science and Statistical Application" has been organized under the aegis of DBT Star College Scheme by Jamal Mohamed College (Autonomous) in association with Bharathiar University, Coimbatore from 15-03-2021 to 22-03-2021(seven days) via online mode.

Data Science is an emerging field of study and has a huge scope in this present scenario of technology. It deals with the collection of data, organization of data, analysis of data, creation and visualization of Mathematical Models. Data Science works in tandem with Mathematics, Statistics and supports programming like R, Tableau, BI, Charts, Python and SAS.

Resource persons deliberated on how data science operates on the basis of available data to encounter real life problems.

The programme has begun at 11.00 a.m on 15.03.2021 and Dr. P. Kaliraj, Vice - Chancellor, Bharathiyar University delivered the Presidential Address. Dr. S. Ismail Mohideen, Principal, Jamal Mohamed College (Autonomous) felicitated the gathering and Dr.J. Somasekar, Gopalan College of Engineering and Management, Bangalore delivered the Special address. Earlier Dr. R. Vijayaragavan, Head, Department of Statistics, Bharathiyar University welcomed the gathering and Dr. R. Jahir Hussain, Head(i/c), Department of Mathematics, Jamal Mohamed College(Autonomous) proposed the Vote of thanks.

Dr. S. Gandhiya Vendhan, Assistant Professor, Department of Statistics, Bharathiar University and Dr. R. Jahir Hussain, Associate Professor, Department of Mathematics, Jamal Mohamed College(Autonomous) organized the events from 15.03.2021 to 22-03-2021.

The list of Invited Speakers and Topics are as follows. 570 teaching faculty and students participated and got benefitted out of this online programme.

NCAM 2021 THEME

The early 21st Century witnessed major social, economic and political changes. During this time there were big changes in knowledge acquisition by people and the way used the same. The Knowledge Era is a new, advanced form of capitalism in which knowledge and ideas are the main sources of economic growth. New patterns of work and new business practices have been developed, and as a result, new kinds of knowledge workers, with new and different skills are required. The 21st century is the era of knowledge and its signature is Management. The knowledge era is an era of rapid movement. There is so much going on, that we need contemporary and meaningful ways to make sense of how best to work, learn and live effectively in these complex, diverse, unpredictable, challenging and opportunistic times. The challenge for management will be to create an organization that is able to accommodate contradictions and paradox within a management culture. The management of knowledge work is a crucial business skill and a pivotal driver for enabling high quality capability development initiatives. The Marketing team's task is to actively listen to and to quantify their customer's desires and aspirations. Human Resources are now called Knowledge Resources and Information Systems as Knowledge Systems. Finance is now called Capital and Knowledge Assets. Economy has now become Knowledge Economy where the heads are given more weightage than hands. So, it is vital for Functional Departments to become Centers of Excellence in order to face changes, challenges and pressures from the members of knowledge society in knowledge economy. Besides, the organizations need to be self-organizing, self-teaming, self-aligning and self-configuring in order to survive and sustain in the knowledge era. If the organizations are well growing, it will pave the way for creating more jobs and capturing more minds and talents from society and ultimately the nation will be accredited with high knowledge index in the universal platform.

Sources of Information

The help system's LaTeX page is quite extensive (and is read over 120k times a year). It includes information on:

- **LaTeX in General** - LaTeX: An introduction and Advanced LaTeX are the locally produced documents. The Not So Short Introduction to LaTeX2e is more extensive. LaTeX for Word Processor Users introduces LaTeX to those already proficient with Word. Instructions for Preparation of Papers and Monographs looks useful.
- **Maths** - Try LaTeX Maths and Graphics Math into LaTeX (by G. Grätzer).
- **Graphics** - Try LaTeX Maths and Graphics or Using Imported Graphics in LaTeX2e Documents (by Keith Reckdahl).
- **Packages** - The TeX and LaTeX Catalogue describes packages available elsewhere.
- **LaTeX in depth** - LaTeX help is an extensive indexed reference, and there's also a keyword search of the LaTeX documents on this server.

Raman spectroscopy

A molecular rovibronic spectroscopy - Prof. C. V. Raman in 1928.
Second order process - light first creates the dipole and then interacts with it !

$$\text{O}=\text{C}=\text{O}$$

Condition: Net change in polarizability (da/dQ) – an induced dipole moment (But IRS requires net change in dipole moment (dp/dQ) – radiation from oscillating electric dipole

$$\mu = \alpha E$$

Polarizability (an intrinsic quantity) Electric field

$p = qd$

Probability of Raman scattering: $10^{-4} \sim 10^{-5}$

Virtual energy states

Vibrational energy states

Infrared absorption Rayleigh scattering Stokes Raman scattering Anti-Stokes Raman scattering

$\Delta n = \pm 1 \dots$

Why GNU Octave?

- GNU Octave is a free and open-source software driven by community
- It alternates to MATLAB which shares its syntax
- It has a large (and growing) user base among scientists in academia and industry
- It has a large library of packages available for performing diverse tasks.
- It's well-documented:

- Try JupyterLab**: JupyterLab is the new interface for Jupyter notebooks and is ready for general use. Give it a try!
- Try Jupyter with Julia**: A basic example of using Jupyter with Julia.

ENERGY : THE NEED OF THE HOUR

Over the last 50 years, electricity production has continually increased, with a strong presence of fossil fuels

World energy production was 14, 421 Mtoe in 2018, a 3.2% increase compared to 2017.

It was mostly driven by fossil fuels: natural gas, coal and oil, increasing together by more than 370 Mtoe in 2018.

All renewables and nuclear also increased, by 60 Mtoe and 19 Mtoe respectively.

Fossil fuels ultimately accounted for more than 81% of production in 2018, as was the case in 2017.

Report

A One Day "International Conference on Recent Trends in Materials Sciences (ICRTMS-2020)" was conducted through online mode on 10th November 2020. It was inaugurated by Dr. J. Joseph Madhavan, Associate Professor, Department of Physics & Dean of Research, Loyola College, Chennai. On that occasion, the electronic version of the abstracts in CDROM format was released by the Head of the Department Dr. M. Jamal Mohamed Jaffar and the first copy of it was received by Mr. Mohamed Ibrahim Sulaiman Sait, Organizing Secretary (ICRTMS-2020).

The conference had four technical sessions, in addition to oral presentations. In the technical session-I, the Keynote address was delivered by the chief guest Dr. J. Joseph Madhavan. During his talk, he highlighted the role played by Materials in various fields and also motivated the students to the avenues open for research in the field of Materials. During the second technical session, Dr. Ashraf Ali, Department of Physics, United Arab Emirates University, Al Ain, Abu Dhabi, spoke on the Fabrication and Characterization of Refractory Metal Doped Germanium Telluride Thin Films. In the third technical session, Dr. R. Thiagarajan, Institute for Structural and Materials Physics Technical University of Dresden, Germany delivered a talk on Properties of Manganites under Extreme conditions of High Pressure, Low Temperature and High Magnetic Field. The fourth technical session was on "Why we need precise measurements for Advanced Scientific research?" by Dr. N.Vijayan, Principal Scientist, CSIR-National Physical Laboratory, Dr.K.S.Krishnan Marg, New Delhi – 110 012.

About 70 research papers were received from Faculty members, Research scholars, PG and UG students of various Colleges and Universities. Among them, 30 abstracts were selected for presentation and published in proceedings with ISBN number. We feel very proud to inform that this is the first time, selected Manuscripts from this International Conference has published in Journal of Advanced Applied Scientific Research - JOAASR (listed in Web of Science journal). In this regard, we wholeheartedly thank all the participants for their immense contributions in the form of abstracts. All the research scholars together with the faculty members have succeeded in their attempts to present their works here, which helped to motivate young minds and to create a scientific temper among the student community. To recognise and encourage their efforts, we have also awarded a Young Scientist award for the best presentation.

Dr. L. KIFAYATHULLAH, Stanford University, USA inaugurated the seminar in the morning and delivered a lecture on "*STEM CELLS AND REGENERATION: MOLECULAR BASIS AND APPLICATIONS*". **Dr. S. ISMAIL MOHIDEEN**, Principal, Jamal Mohamed College presided over the function. **Dr. A.K. KHAJA NAZEEMUDEEN**, Secretary and Correspondent of the college, **Hajee. M.J. JAMAL MOHAMED**, Treasurer and **Dr. K. ABDUS SAMAD**, Assistant Secretary, felicitated the occasion.

Dr. I. JOSEPH A. JERALD, Associate Professor and Head, Dept. of Zoology welcomed the participants and introduced the speakers. ORAL presentations of selected abstracts were presented in the afternoon session. This was followed by technical session Keynote lecture was given by **DR. P. SUNDARARAJ**, Rtd Professor of Bharathiar University on "*WORMS-WHAT DO YOU KNOW?*". He discussed the positive and negative roles of Plant and Animal Nematodes in Environment and Health.

The Second day program started with the 4th Technical session with the Key note address given by **Dr. C. GUNASEKARAN**, Associate Professor of Zoology, Bharathiar University, Coimbatore. He spoke on "**ETHICS IN BIODIVERSITY CONSERVATION**". This was followed by ORAL Presentations. The key note address for the Afternoon 5th Technical session was given by **Dr. KARTHIKKUMAR, V**, on the topic, "**ROLE OF PHYTOCHEMICALS IN COLON CANCER**". His talk was very informative with much information on Colon Cancer.

AGAROSE GEL ELECTROPHORESIS

Definition:
Separation of charged particle in an electric field. Most commonly used for transference separation such as DNA and RNA.

Father of Electrophoresis

Anna Tiselius (Sweden, 1902-1971)
Nobel Laureate in Chemistry (1946)
"For his research on electrophoresis and osmometric analysis, especially for his discoveries concerning the complex nature of the serum proteins"

Preparing the gel

- Pipet approximately 1µl of lx loading buffer for each DNA sample including standard marker on to a clean piece of parafilm.
- Carefully pipet 10µl of each DNA sample, including standard marker, into slots of loading buffer.

Running the gel

- Place the cover on the gel rig.
- Connect the leads to the power supply.
- Remember the DNA migrates towards anode.
- Run the gel 3 volt per cm between leads, normally 50 V is adequate and 60-100 mA.
- Stop the run when the dye marker is approximately ¾ of the way down the gel.

HUMAN HEALTH & genome

To study Human Genetics & Bioinformatics, Restriction Enzyme Mapping, Diagnostics (Human and plant pathogens), DNA Profiles of Infectious Diseases?

TRANSFORMATION & BACTERIAL CLONING

To screen cloned products

POLYMERASE CHAIN REACTION

To check amplified DNA

Workshop Series on "Biological Sciences was conducted under DBT Star College Scheme on 08.07.2020 to 11.07.2020 Via Zoom Meeting Organized by the PG & Research of Zoology, Jamal Mohamed College (Autonomous), Tiruchirappalli. Dr. R. Krishnamoorthy (DBT- Department Coordinator) welcomed the gathering and introduced the resource persons and Dr. I. Joseph. A. Jerald, Head, Department of Zoology felicitated the programme. On the second day the online training on Electrophoresis was conducted and the session was led by Dr. S. Mohamed Hussain, Assistant professor of Zoology, Jamal Mohamed college on 09.07.2020 at 11.30 pm. The power point presentation and Video lessons were provided to the students through links. Participants interacted with the Resource person. The Resource person excellently responded to the clarification raised by the participants. More than 56 participants mostly from our college were attended the workshop in all these four days. Dr. R. Krishnamoorthy (DBT- Department Coordinator) proposed the Vote of thanks. We thank our Magnanimous Management, Beloved Principal, Respected Dr. I. Joseph. A. Jerald (Head, Dept. of Zoology, Dr. A. Shajahan (DBT coordinator), Mr. P. A. Ashique (DBT- STAR-Zoology), Dr. M. Salahudeen and faculty members of Department of Zoology for their support to conduct the four days Workshop Series on "Biological Sciences. We thank Department of Biotechnology, Government of India for the financial aid to this programme. We thank Mr. Kannan, Proprietor, Kaaho infotech, he made all technical support. Thank you one and all.
