Outcome

Students will be able to:

- describe the fundamental properties of the real numbers that underpin the formal development of real analysis;
- demonstrate an understanding of the theory of sequences and series, continuity, differentiation and integration;
- demonstrate skills in constructing rigorous mathematical arguments;
- apply the theory in the course to solve a variety of problems at an appropriate level of difficulty;
- demonstrate skills in communicating mathematics.

Under the aegis of DBT Star College Scheme a Summer Training Programme on Algebra and its Applications was organized by PG and Research Department of Mathematics for the benefit of Third Under Graduate students of Mathematics on 8th & 9th January 2021. Dr. C. Durairajan, Associate Professor, Department of Mathematics, Bharathidasan University, Tiruchirappalli and Mr. N. Mohamed Thoiyab, Assistant Professor, Department of Mathematics, Jamal Mohamed College, Tiruchirappalli delivered the lectures. 45 students benefitted out of this offline programme.

Criterion V Student Support and Progression

5.1. Student Support

5.1.3. Following Capacity development and skills enhancement activities are organised for improving students capability 1. Soft skills, 2. Language and communication skills, 3. Life skills (Yoga, physical fitness, health and hygiene), 4. Awareness of trends in technology

Outcome

- Familiarize with relations, equivalence relations and partitions
- Work within various algebraic structures
- Understand the importance of algebraic properties with regard to working within various number systems.
- Recognize consistent and inconsistent systems of linear equations by the row echelon form of the augmented matrix, using rank.
- Compute rank of matrix, solution of system of LE. and find kernel of homomorphism. Find eigenvalues and corresponding eigenvectors for a square matrix
- Think critically by interpreting theorems and apply relating results to problems in other mathematical disciplines

OUTCOME OF THE PROGRAMME

POTENTIAL OF BACTERIA TO DEGRADE PLASTICS AND PRODUCE BIOPOLYMERS

- Students gained awareness about the potential microbes that help degrade plastic wastes, which are a major threat to our environment.
- They learnt about biopolymers and their pharmaceutical and biomedical applications
- They gained knowledge about how different microbes could be applied beneficially for plastic waste management in a useful way
- The talk created an interest in students to explore more about the potential use of microbes in environmental protection.

Outcome

Students will be able to:

- describe the fundamental properties of the real numbers that underpin the formal development of real analysis;
- demonstrate an understanding of the theory of sequences and series, continuity, differentiation and integration;
- demonstrate skills in constructing rigorous mathematical arguments;
- apply the theory in the course to solve a variety of problems at an appropriate level of difficulty;
- demonstrate skills in communicating mathematics.

Reports

Report of the Programme

On 22nd March, 2021 our under graduate computer science and IT students participated in the "Digital Detox , why and how" webinar organized by association of computer science and IT (women). Speaker of the event was Dr. A. Aslam who is a Assistant professor of department of Botany, Jamal Mohamed college.

The programme was started by quirath .Our bellowed MID Dr A. saleem sir welcoming speech of all the faculty members, speaker and the participants. After that Dr A Aslam Sir enlighten us with his inspiring words and over usage of mobile and other electronic devices. Later on he starts with his presentation on the topic "Digital Detox".

A digital detox refers to a period of time when a person refrains from using technical devices such as smart phones, televisions, computers, tablets, and social media sites. "Detoxing" from digital devices is often seen as a way to focus on real-life social interactions without distractions. By forgoing digital devices, at least temporarily, people can let go of the stress that stems from constant connectivity.

The Chief Guest & Resource Person Dr. A. Aslam distributed the certificates to the winners of various events of Inter-Department Competition- 2021.The program ended with a vote of thanks by Ms.N. Jafrin Asst. Prof. Dept of Computer Science & IT.

Outcome of the Program

Agenda of the webinar was to know who is the master, WE or our MOBILE?

In the end he provides us some of the ways to Unplug/Detoxify as:

- Switch off Notification
- Do not touch your mobile at least 1 hour after you wake up and before you sleep
- Make your bedroom e-free
- Have screen-free breakfast, lunch and dinner
- Do NOT put mobile on dining table
- Once a week do a Mobile fasting as a family.

The participants were motivated by the rich experience & guidance of Chief Guest.

Reports

OUTCOME OF THE PROGRAMME

RECENT TRENDS IN BIOTECHNOLOGY

- Students gained awareness about the recent research and innovations in the Biotechnology sector.
- They learnt about the advancements in biomedical and genomic research and the potential applications.
- The talk was highly motivating to the students to pursue more about recent technical advancements in the field.
