REPORT ON A THREE-DAY ON-BOARD TRAINING PROGRAMME

On the third day, the programme was commenced with Qirath by Mr. A. Mohamed Hareesh of II MCA. Dr. G. Ravi, Head & Associate Professor welcomed the gathering. Dr. D.I. George Amalarethnam, Associate Professor & Director MCA, Department of Computer Science felicitated the gathering. Dr. S. Mohamed Ilyas, Assistant Professor & Vice-President of Computer Science Association introduced the resource persons for third day programme.

Dr. S. Abdul Saleem, M.Sc, M.Phil, SET, NET, Ph.D., Associate Professor of Computer Science, Jamal Mohamed College delivered an interactive session on 'Technical Rehearsal'. He emphasized on the importance of numerical ability. He also discussed with students about various interview questions asked during technical round and gave tips how to answer it.

The second session was delivered by Mr. M. Kamal, M.Sc., M.Phil., Assistant Professor of Computer Applications, Jamal Mohamed College on 'Logic Building'. He discussed with students about developing logical skills in C, C++ & Java Programming Languages. He covered the importance of shortcut methods and asked the students to work on it.

Finally, Mr. R. Muthukumar of III B.Sc (CS) proposed a vote of thanks.

At the end of the three-day programme, feedback from the student beneficiaries were received and E-Certificates were distributed to them.

The Report of Business Sector Lecture Series – XIII (26/10/2021)

Jamal Institute of Management organized on the topic of CYBER CRIME AND SAFETY AWARENESS on 26th October, 2021. Cybercrime is on the rise, and it has become a major concern. Cybercrime, like the world of digital technology, is always progressing. The COVID-19 pandemic renders individuals and society extremely vulnerable in all respects. During this crisis, we all rely more than ever on computer systems, mobile devices and the Internet to work, communicate, shop, share and receive information. There is a need to make awareness about the scourge of cybercrime, particularly among the youth, who are the tech-savvy and use the technology more. Cybercrime has arisen as a serious global concern, and raising awareness is essential among the general public, particularly among the youth. Keeping this in mind, this lecture was organized and aims to educate students on the cyber threats faced.

More people are being attacked by cybercriminals as a means to earn more money.. These are today's criminals who are constantly looking for ways to break into systems by exploiting human error and system vulnerabilities. Guest speakers talk about how people around the world are being attacked, including various types of cybercrime, online fraud and identity theft scams on online platforms, and leaking personal information through social media platforms etc.

He also shared several cybercrime cases from his personal experience. Moreover he talked about more common cybercrimes such as phishing ,hacking, data theft, identity theft, Malware, computer viruses, data breach, and cyber stalking and then informed us about ways to keep ourselves safe from such crimes and ways to approach the Cybercrime units if ever such a situation arises.

He elaborated about the most common frauds that are faced by the youth for instance Job frauds, ATM frauds, Identity theft via social media and also harassment faced due to catfishing on social media. He then informed the participants on how to identify such kind of frauds and how to keep ourselves safe in todays virtual age. The most popular social media sites like Facebook, Twitter, Instagram.

5.4. Alumni Engagement

5.4.1. The Alumni Association/Chapters (registered and functional) contributes significantly to the development of the institution through financial and other support services

He emphasised that youth should be careful of who they are communicating with online and refrain from as long as any type of personal information to persons they do not identify and trust. He expressed his concern as young people have no nervousness baring complex details of their life on Twitter, Facebook, Whatsapp, Instagram and Snapchat. They likely to make silly or mean comments on other people's websites. Often they join false clubs and forums online, chat with the strangers, share pictures of themselves, and risk their personal information by entering their private details on their mobiles, tabs, laptops and other devices. They become easy targets for Cyber Criminals, they also put their families and loved ones at risk.

Though not all people are victims to Cyber Crimes, they are still at risk. Crimes by computer vary, and they don't always occur behind the computer, but they executed by computer. The hacker's identity is ranged between 12 years young to 67 years old. The hacker could live three or four continents away from its victim, and they wouldn't even know they were being hacked. Crimes done behind the computer are the 21st century's problem. With the technology increasing, criminals don't have to rob banks, nor do they have to be outside in order to commit any crime. They have everything they need on their lap. Their weapons aren't guns anymore; they attack with mouse cursors and passwords. So he advised that individuals should avoid disclosing any information pertaining to them, always avoid sending any picture online especially to strangers and chat friends as there have been incidents of misuse of pictures. Always use current and updated anti-virus software to guard against virus attacks. Always save back up volumes so that one may not suffer data loss in case of virus corruption. Never ever send your credit card or ATM Card numbers to any site or to any stranger, this is not secured to guard against frauds. He further warned to lookout on the sites our children are accessing to avoid any kind of harassment in children. It is much better to use a security programme that gives control over the cookies and send all the information back to the site as leaving the cookies unguarded might prove lethal.

The session was attended by over 80 students from MBA department. The talk generated lot of curiosity among the students. Students asked many questions at the end of the talk. On completion of the question & answers session DR.A.S.Thoufiq Nishath thanked the Guest speakers for sparing his valuable time and imparting valuable knowledge on such an important topic. The session was well appreciated by the audience.

A Special lecture program of the mathematics association of SF women was conducted on **10th December 2021** for II M.Sc mathematics Students. Nearly **55** students attended the session.

The program was started with Quirt. Ms. O.M. Rukzana Fathima of I M.Sc B welcome the gathering and Coordinator Dr. S. Mohamed Ismayil introduced the chief guest. Our chief Guest **Dr. B. Mohamed Harif**, Assistant Professor of Mathematics in Raja Serfoji Government College, Thanjavur. Delivered the Special Lecture on "Algebra and its applications", which was veryuseful and informative for students. He starts his lecture by saying the pattern of the SET, NET JRF, NBHM exams and shared his view and his experience about these exams. The tricks and easy methodology to learn and fast solving the problems withintime. And he solved previous years questions and our students actively took part insolving the answers. The program ended with vote of thanks done by Ms A Fauzia Begum of I M.Sc.A Mathematics.

Outcome

- Familiarize with relations, equivalence relations and partitions
- Work within various algebraic structures
- Understand the importance of algebraic properties with regard to working within various number systems.
- Recognize consistent and inconsistent systems of linear equations by the row echelon form of the augmented matrix, using rank.
- Compute rank of matrix, solution of system of LE. and find kernel of homomorphism. Find eigenvalues and corresponding eigenvectors for a square matrix
- Think critically by interpreting theorems and apply relating results to problems in other mathematical disciplines

REPORT ON SPECIAL LECTURE ON SOFTWARE TESTING IN WEB APPLICATIONS

A Special lecture on Software Testing in Web Application was conducted on the Monday, 22nd November 2021, at 11.00 am through Online MS-TEAMS.

Mr. M. Khalid Ahamed of II M.C.A recited Qirath. Dr. G. Ravi, Head & Associate Professor, Department of Computer Science welcomed the gathering. Dr. D.I. George Amalarethnam, Associate Professor & Director - MCA felicitated the gathering. Dr. S. Mohamed Iliyas, Assistant Professor of Computer Science introduced the chief guest Mr.J. Praveen Edward Michael.

Mr. J. Praveen Edward Michael, Senior Software Engineer, Hexaware Technologies, Chennai an illustrious alumnus, delivered a special lecture on 'Software Testing in Web Application'. He introduced the concept of Software Testing and its importance. He interacted with the students of UG & PG. He insisted the benefits of software testing, testing in software engineering applied in SDLC and testing strategies in software engineering. He also demonstrated the sample automation program execution through online. The students of III MCA, II MCA and III B.Sc (CS) were benefitted lot from this online special lecture.

Mr. J. Parvez Ahmed of II MCA proposed a vote of thanks. One Hundred and Twenty-Eight students of UG & PG were benefitted. Dr. O.A. Mohamed Jafar and all other staff members graced the occasion.

ONE DAY WORKSHOP ON EMBEDDED SYSTEMS

One Day Workshop on Embedded Systems was conducted at Computer Science Seminar Hall on Saturday, 23rd April 2022, at 09.00 am.

Mr. Khalid Mashood of I MCA recited Qirath. Dr. G. Ravi, Associate Professor & Head, Department of Computer Science welcomed the gathering and introduced the chief guest Mr. Kanagaraj Venusamy

Mr. Kanagaraj Venusamy, Control Systems Instructor, University of Technology and Applied Sciences – Al Mussanah Engineering Department, Sultanate Of Oman, an illustrious alumnus delivered an Hands-on-Session on 'Embedded Systems'. He introduced the major works carry over by the latest field on Embedded Systems. He demonstrated the online IDE website for Embedded Systems. Tinkercad is a free, easy-to-use web app that equips the next generation of designers and engineers with the foundational skills for innovation: 3D design, electronics, and coding!. He insists the students about training and placement opportunities available in Embedded Systems. The students interacted with resource person and clarified their doubts. The students of I MCA of Aided Stream were benefitted lot from this programme.

Mr. Fazlullah of I MCA proposed Vote of Thanks. Dr. S. Mohamed Iliyas, Assistant Professor & Vice-President, Computer Science Association, Department of Computer Science and all other staff members graced the occasion.
