If yes, give a brief description and a list of modules currently operational.

(Maximum 500 words)

The college has an ERP system that caters to the various requirements of the administration. At present the following modules are working effectively:

- **Admission:** This module accepts applications online, processes the received applications, prepares the selection lists based on various criteria, and generates call letters. The module also generates course-wise, community-wise, marks-wise, university-wise (for PG), daily admission status and fees paid and opted language-wise reports. Roll number generation and section allocation are also done by this module.
- **Fees:** This module aids in fees collection online and generation of date-wise, month-wise and semester-wise fees collection reports.
- **Attendance:** The attendance of the students is posted every day. Facility is provided for the faculty members to enter the attendance details of their classes daily. The student can also view their attendance status through the student portal. The student-wise, class-wise and department-wise absentee statements are generated. Day-wise, month-wise and semester-wise reports can also be taken. Finally, the condonation report is prepared at the end of each semester.
- **Controller of Examination Office:** The module generates filled-in examination application forms for all the students, prepares the seating arrangement, room sketch and attendance sheets for conducting the semester examinations, generates hall tickets, prepares marks sheets for valuation, publishes results and prints semester-wise and consolidated mark statements.
- **Library:** The module facilitates gate pass entry for students, book issue and return, fine calculation, barcode generation, Online Public Access Catalogue (OPAC) and stock maintenance.
- **College office:** This module maintains student bio-data and generates Transfer Certificates.
- **Transport:** Bus allocation for the students is done using this module.

3.3 Innovation Ecosystem

3.3.1 Workshops/Seminars conducted on Intellectual Property Rights (IPR) and Industry- Academia Innovative practices during the year

Title of Workshop / Seminar	Name of the Department	Date(s)
Workshop on ERP – SAP Business Solutions	Management Studies	04-09-2018 to 05-09-2018
National Conference on Advancement in Business in the Digital era	Commerce	20-09-2018
Workshop on Domestic Products Preparation	Chemistry	26-09-2018 to 27-09-2018
Seminar on Intellectual Property Rights	Botany, Innovation and Incubation Centre	13-12-2018

State level seminar on Promoting young Entrepreneurs- Guidelines and Guidance	Business Administration	17-12-2018
SAP –Workshop- Fico MODULE	Management Studies	17-12-2018 to 22-12-2018
International Conference on Chemical and Environmental Research	Chemistry	19-12-2018
Workshop on Painting -Fevicryl	Fashion Technology and Costume Deigning	20-12-2018
State Level Seminar on Therapeutic Value of Food in Prevention of Global Burden of Diseases	Nutrition and Dietetics	20-12-2018
Workshop on Advanced Data Analysis for Management and Social Science Research	Management Studies	05-01-2019 to 07-01-2019
International Conference on Islam and Science	Arabic	21-01-2019
International Conference on New Horizons of Business in the Changing Global Environment	Commerce	23-01-2019
National Conference on The Global Changes and Regional Challenges: Tracing Trends in Tourism and Hospitality Sectors	Hotel Management and Catering Science	24-01-2019
International Conference on Environment and Health	Zoology	25-01-2019
National Seminar on Femininity and Marginality- changes and challenges in contemporary society	English	07-02-2019
National Conference on Tamil Nadu Entrepreneurs Development Conference	English	09-02-2019 to 10-02-2019
International Workshop on Artificial Intelligence	Social Work	14-02-2019
National Seminar on Mainstream Vs Reality in Economics	Economics	19-02-2019
International Conference on Mathematical Methods and Computation	Mathematics	20-02-2019 to 21-02-2019
State Level Seminar on Perspective in Plant Systematics and Conservation Biology	Botany	22-02-2019
National Seminar on Iconic Personalities of Tiruchirappalli	History	22-02-2019
Workshop on Multi Camera Production	Visual Communication	01-03-2019
State Level Seminar Cum Symposium on Fash ‘Me’lange 2k19	Fashion Technology and Costume Deigning	02-03-2019
International Conference on Advanced Management Changes and Challenges in Knowledge Era	Management Studies	02-03-2019
Conference on Advances in Nutrition and Food Safety	Nutrition and Dietetics	04-03-2019 to 05-03-2019

National seminar on Advanced Topics in Physics	Physics	06-03-2019
Workshop on Balloon Sculpture	Visual Communication	06-03-2019

3.3.2 Award for Innovation won by Institution /Teachers/Research scholars/Students during the year

Title of the innovation	Name of the Awardee	Awarding Agency	Date of Award	Category
Outstanding Research in Environmental Sciences - Radiation	Dr. R. Krishnamoorthy	United Medical Council, Malaysia and World Research Centre, Malaysia	12-11-2018	Teacher
Best Poster Presentation Award	Dr. N. Mujafar Kani	Loyola College, Chennai	18-02-2019	Teacher

4.4.2 Procedures and policies for maintaining and utilizing physical, academic and support facilities laboratory, library, sports complex, computers, classrooms etc. (maximum 500 words) (information to be available in institutional website)									
<p>The College has an excellent infrastructure facilitating a conducive teaching and learning environment. The Management Committee foresees the needs and requirements of the college in consultation with the Principal and other officers in-charge of various facilities. An annual budget is prepared for allocating funds for maintaining and utilizing the infrastructure facilities and the same is forwarded to the officers concerned for effective implementation. The actions taken by the officers are reviewed periodically.</p> <p>All the academic events such as conferences, seminars, workshops, guest lectures, student symposiums / competitions, staff meetings, etc. are conducted in various auditoriums and halls.</p> <p>CCTV cameras were installed at various places in the campus for vigilance.</p> <p>Laboratory: Stock register is maintained in all departments. Annual stock verification is done every year by a committee constituted by the Principal. Follow up action is taken on the committee's recommendations. Quality materials are procured as per the guidelines as and when required through the Purchase Department.</p>									

General Library: The Library is kept open from 8:15 am to 6:15 pm. on all working days. On holidays (except National holidays and Sundays) the library will be kept open from 9:30 am to 4:00 pm. The Library is partially automated. Annual internal stock verification is done regularly. The Library Committee monitors all the activities of the Library.

Sports Facility: A Director and an Assistant Director of Physical Education take care of all the sports activities of the college. A systematic procedure is adopted for the purchase and maintenance of sports goods and other facilities. Special coaches are appointed for coaching the sportsmen in various games. The college organizes South India level, state level and University level intercollegiate tournaments every year. Both staff and students utilize the indoor stadium, gymnasium and other facilities.

Computers: The computer control room consists of exclusive servers for college website management, ERP system and its backup, Wi-Fi, NPTEL, college library, feedback system, and Oracle in addition to a few servers available in departments. Only branded computers are procured. Adequate power backup facilities and fire extinguishers are provided in all the computer laboratories. The local network system, including the computers, are serviced and maintained by our own trained technicians. Firewall software is also installed for security purpose.

Classrooms: In order to make optimum use of the classrooms and other infrastructure facilities, the college functions in two shifts – Shift-I from 8:30 a.m. to 1:30 p.m. for men and Shift-II from 2:00 p.m. to 6:25 p.m. for women. Each department is accommodated in a separate block. Uninterrupted power supply is ensured by the use of sufficient number of generators in the campus. The maintenance department takes care of the maintenance and repair of the buildings, electrical system and furniture. RO drinking water facility is installed in all the blocks. During holidays, the classrooms and halls are utilized for conducting competitive / recruitment examinations of government and private organisations.

Campus cleanliness: The entire campus is cleaned regularly with the help of our own support staff. The toilets cleaning work is outsourced.

5.3.2 Activity of Student Council & representation of students on academic & administrative bodies/committees of the institution (maximum 500 words)

Every department has an Association in which student representatives play major roles in organizing various academic-oriented activities, including guest lectures, seminars, conventions, quiz programmes, etc. All the NSS volunteers assist the NSS officers and other college authorities in conducting all functions in the college. This exposure, through Part-V extension activities, helps the students in enhancing their organizational skills, leadership qualities and other traits to strengthen their personality. We have student representatives in the following academic and administrative committees of the college:

- Academic Council
- Extracurricular Activities Committee
- Grievance Appeal Committee
- Library Committee
- Students Welfare Committee
- Internal Quality Assurance Cell
- Anti-Ragging Committee
- Student Monitoring Committee
- Sports Committee
- Internal Compliance Committee
- Examination Committee
- Placement Committee

5.4 Alumni Engagement

5.4.1 Whether the institution has registered Alumni Association? Yes/No, if yes give details (maximum 500 words): No

The Alumni Association of Jamal Mohamed College was formed in the year 1963 with the following objectives:

Providing financial assistance to the economically backward students.

Organizing interactive sessions with the students by the visiting alumni like businessmen, professionals, officials, researchers and sports persons to share their expertise.

Assisting the institution in general growth and development by providing infrastructure facilities like buildings, computers, library books, etc.,

Helping the students, past and present, with placement opportunities

Our students occupy coveted positions at the global level as members of industry, academia and government organizations. They provide financial assistance to the deserving students besides contributing in a large measure to the infrastructural development. To fulfil the aspirations of the outgoing students an initiative titled “Students Professional Empowerment and Employment Directive - SPEED” Programme started. The primary objective of this programme is to link the current students who want to have a purposeful career in a particular field to the alumni who have excelled in that field. This scheme would help the current students to identify the avenues and opportunities available to them and pursue them with vigour.

The college on its part takes great delight in identifying its best alumni and honouring them with the “Distinguished Alumnus Award” every year. During the academic year 2018-2019, about thirteen illustrious Alumni were identified and honoured on the occasion of the Annual Alumni Get-together held on 15th August, 2018.

The college also provides them with all facilities for organizing reunion day for different batches of our alumni. On these joyous occasions, the alumni reminiscence about their days spent in Jamal as students, visit their classrooms, speak to their teachers and renew their bonds of friendship with each other.

5.4.2 No. of registered Alumni: 6977

5.4.3 Alumni contribution during the year (in Rupees) : Rs.56,42,089/-

5.4.4 Meetings/activities organized by Alumni Association :

1. Annual Alumni meet was held on 15-08-2018. Around 100 alumni attended.
2. 40 Alumni who studied various disciplines from 1999 to 2015 met at Computer Science seminar hall on 19.08.2018.
3. Around 20 members of 1989-1992 batch of Economics met at their department on 01.09.2018.
4. 36 members of 2004-2007 B.Sc. Physics batch met at the their department on 14.10.2018.

7.1.2 Environmental Consciousness and Sustainability/Alternate Energy initiatives such as:
Percentage of power requirement of the College met by the renewable energy sources

Renewable Energy Sources and Energy Conversation: The college has installed a small unit of Grid-connected Solar Electricity Generating System generating 50 KW of electric power. Out of the total power requirement of 1038.43 KW of electric power, the solar plant generates nearly 5% of power. Further the college has gone in for conservation of energy by installing / replacing conventional light sources by energy efficient LED bulbs. Out of the total lightning power requirement of 118 KW, the power conserved using LED sources amounts to 15 KW. This has resulted in a saving of 13% of the total lightning power requirement.

Waste Management: The college collects all the solid and liquid wastes through Bio-gas plants and the generated gas is supplied through pipeline to the Hostel mess for cooking purposes. Also the college has a dust-free zone by keeping stainless steel dustbins in and around the college campus. All the wastes are collected and converted into fertilizer by using compost pits.

Green Initiatives: The college has also initiated paperless work by going in for automation in areas such as online application, creation of students' database, online fee payment and disbursement of staff salary through ECS. Also efforts are made by creating awareness of non-degradable plastics and make it a plastic free campus. Planting of trees and maintenance of garden and landscaping are resorted to for creating an academic ambience, while helping in maintaining a healthy environment.

The expenditure incurred for green initiatives and waste management for the year 2018-19 is Rs.11,30,605/-

7.1.7 Initiatives taken by the institution to make the campus eco-friendly (at least five)

The students are encouraged to become environment conscious and the college campus is made eco-friendly by taking the following initiatives:

- Beautiful gardens have been set up and maintained for creating an academic ambience.
- Planting and upkeep of trees along all the roads and pathways of college and hostel campus are carried out.
- The college strives to create an awareness among the students about the dangers of using plastics and is endeavoring to make the campus plastic-free
- The College has initiated the paperless work such as: Online applications, student's database, online fees payment, salary disbursement through ECS, net banking transactions, online feedback system.
- Staff members are motivated to make use of bicycle and public modes of transport.

7.2 Best Practices

Describe at least two institutional best practices

Upload details of two best practices successfully implemented by the institution as per NAAC format in your institution website, provide the link

1. **Title of the Best Practice:** **Earn While You Learn**

Objective of the Practice:

The "Earn While You Learn" scheme aims primarily at providing an opportunity to economically downtrodden and under privileged who hail from rural areas to defray the expenses incurred in pursuing their graduate courses in the college. It also aims at exposing them under this scheme to the demands of work place so that they can adapt themselves in their future placements.

The Context:

Nearly 40% of the admitted students every year are from far flung rural areas all over the state and from economically weaker sections of the society. Hence they have to necessarily take recourse to hostel facilities. However, on learning that the average fees for pursuing graduate-post-graduate education amounts to Rs. 55,000/- per year, for a hostel student, they are forced to opt out for want of resources. Moved by this sad plight of desirous students, our college management decided to help the more deserving among the by bringing in this new scheme.

The Practice:

The students those who are willing to enroll themselves in this scheme will be selected through a formal interview. Then they will be assigned part time jobs, without affecting their attendance in their classes, in places like the hostel mess, the hostel office, the hostel library, the recreation hall and the indoor-games unit.

- The students who are placed in the hostel mess will serve food during breakfast, lunch and supper sessions. The earlier friction between the uneducated mess servants and students is now sorted out as friends are serving to friends.
- The students who are placed in the hostel office will assist the officials in maintaining records, preparing mess bills so on and so forth.

- The students who are placed in the hostel library will take care of the issue and collection of books and the stock.
- The recreation hall in-charge and the indoor games unit in-charge will take care of such facilities. These students are provided with free boarding and lodging, with their expenses being borne by the management. Besides this, they are paid Rs.2000/- per month as honorarium.

The average expenses borne by the management as well as their honorarium add up to a sum of Rs.65,000/- per student. In the academic year (2018-19), 22 male and 32 female students were the beneficiaries of this scheme. The total expenditure incurred for this scheme for the same academic year amounts to Rs.35,10,000/-.

Evidence of Success:

Apart from a marginal reduction of the hostel work force, this scheme proves to be a successful one in many ways.

- The students imbibe the work culture even when they are studying.
- They get an opportunity to practice financial prudence.
- The friction experienced earlier due to the insensitiveness of the uneducated workforce to the sensibilities of the hostel students is removed as we have students serving their fellow inmates. This has resulted in an atmosphere more conducive for them.
- Moreover, the students who studied their UG, PG under this scheme are now placed in aspiring positions such as software technicians, school & college teachers etc. Thereby they provide motivation to their younger friends.

Problems Encountered and Resources Required:

As with any well intended scheme, certain problems are encountered.

- One significant problem is that the students working under this scheme get less time for study, apart from their stipulated study hours in the hostel, when compared to others.
- Some behavioural problems arise as students in this scheme are teased by their other friends. However, after counselling by the hostel wardens and deputy wardens both the beneficiaries and the other students learn to behave responsibly.
- Another problem in implementing the scheme is the need for monetary resources. But, with the college management chipping in with the required assistance from time to time, this problem is overcome.

2. Title of the Practice: Bio-Gas Generators

Objective of the Practice:

The objectives of establishing a bio-gas generators are

- To ensure the safe disposal of bio-degradable waste generated in the hostel premises.
- To generate alternative source of fuel using these bio-degradable wastes.
- To protect the environment by this sustained practice.

The Context:

The hostel is a large complex housing around 3600 inmates, catering to not only their food requirements but also to their health and hygiene. Food is prepared in as many as seven messes, requiring a large number of LPG cylinders. Also safe disposal of human wastes in both solid and liquid form as well as, kitchen leftovers and unusable raw materials have to be ensured. It is to meet these challenges, that bio-gas generating units were set up in the hostel premises.

The Practice:

Three Bio-Gas generators each of 25 m³ capacity were set up. Night soil sludge from the dormitories, kitchen wastes and other remnants from the seven kitchens are collected and used as source for these three Bio-gas plants. The bio-gas generated is fetched through pipelines and processed.

Evidence of Success:

As many as 600 cylinders of bio-gas worth a whopping sum of Rs. 4,00,000/- (Four Lakhs) were generated through these plants and used in for the kitchens. This resulted in

- a reduction of recurring expenditure.
- A reduction of mess fees for the hostel
- Effective means of waste disposal
- Reducing the adverse impact on the environment

Problem Encountered and Resources Required:

One of the significant problems encountered is the maintenance of the bio-gas plants during weekends, vacations and other holidays. This is due to the fact that the bio-gas plants do not get sufficient amount of wastes which are essential for its operation. This results in a reduction of generation and under-utilization of their capacity.

7.3 Institutional Distinctiveness

Provide the details of the performance of the institution in one area distinctive to its vision, priority and thrust. Provide the web-link of the institution in not more than 500 words

True to the vision of its founding fathers, the institution has been providing inclusive and holistic education based on ethical, social and moral values to all members of the society, irrespective of religion, caste and creed. As flexibility and adaptability are the watch words for the development of any institution, Jamal Mohamed College strives to update itself to the needs of the changing times and improve its infrastructural facilities. To reach out to the underprivileged and educate its students to the life in rural areas, the college has adopted five villages and has associated itself with the activities of the rural folks residing there, trying to instill in them the benefits of education, health and hygiene and women emancipation and empowerment. It has also taken upon itself the task of helping the society at large by constituting a “Societal Financial Benefit Fund (Baithul Maal)” from the contributions of its own teaching and support staff, to help them in times of need and grief. To help the weaker members of the society, particularly women, in getting quality education, it has come up with a plethora of assistantship and scholarship schemes, by tapping the resources from its own alumni, well-wishers and philanthropists. In short, it has endeavored to provide progress through education, help, succor and well-being to the society.
