JAMCROP ACTIVITY – UG MEN (2018-2019)

JAMCROP: (Jamal Mohamed College Community Reach - Out Programme)

Extension activities link curriculum and learning with the community. Every learner is a member of the community where the person is living. JAMCROP programme has been designed to provide the first year students to realize learning experience of coming forward to render a service to needy persons in the community. The expected behavioral outcome of the programme is to make our students to come forward for lending a helping hand whenever they happen to witness persons in distress.

The first year UG students and tutors of 2018-19 themselves have identified, funded and organized myriad activities ranging from distribution of necessities of life to poor, stationeries, wheel chair, educational gadgets and kitchen hygiene materials, training of stitching skills, offering nutrition and health tips, interacting and playing games with abandoned seniors, orphans and blind, teaching and conducting science experiments. These activities were carried out in poor students welfare homes, orphanages, disabled and blind homes, senior homes, schools and road sides in Trichy and native places of first year students. The activities carried out during the year 2018-2019 listed below
